# OUR JOURNEY

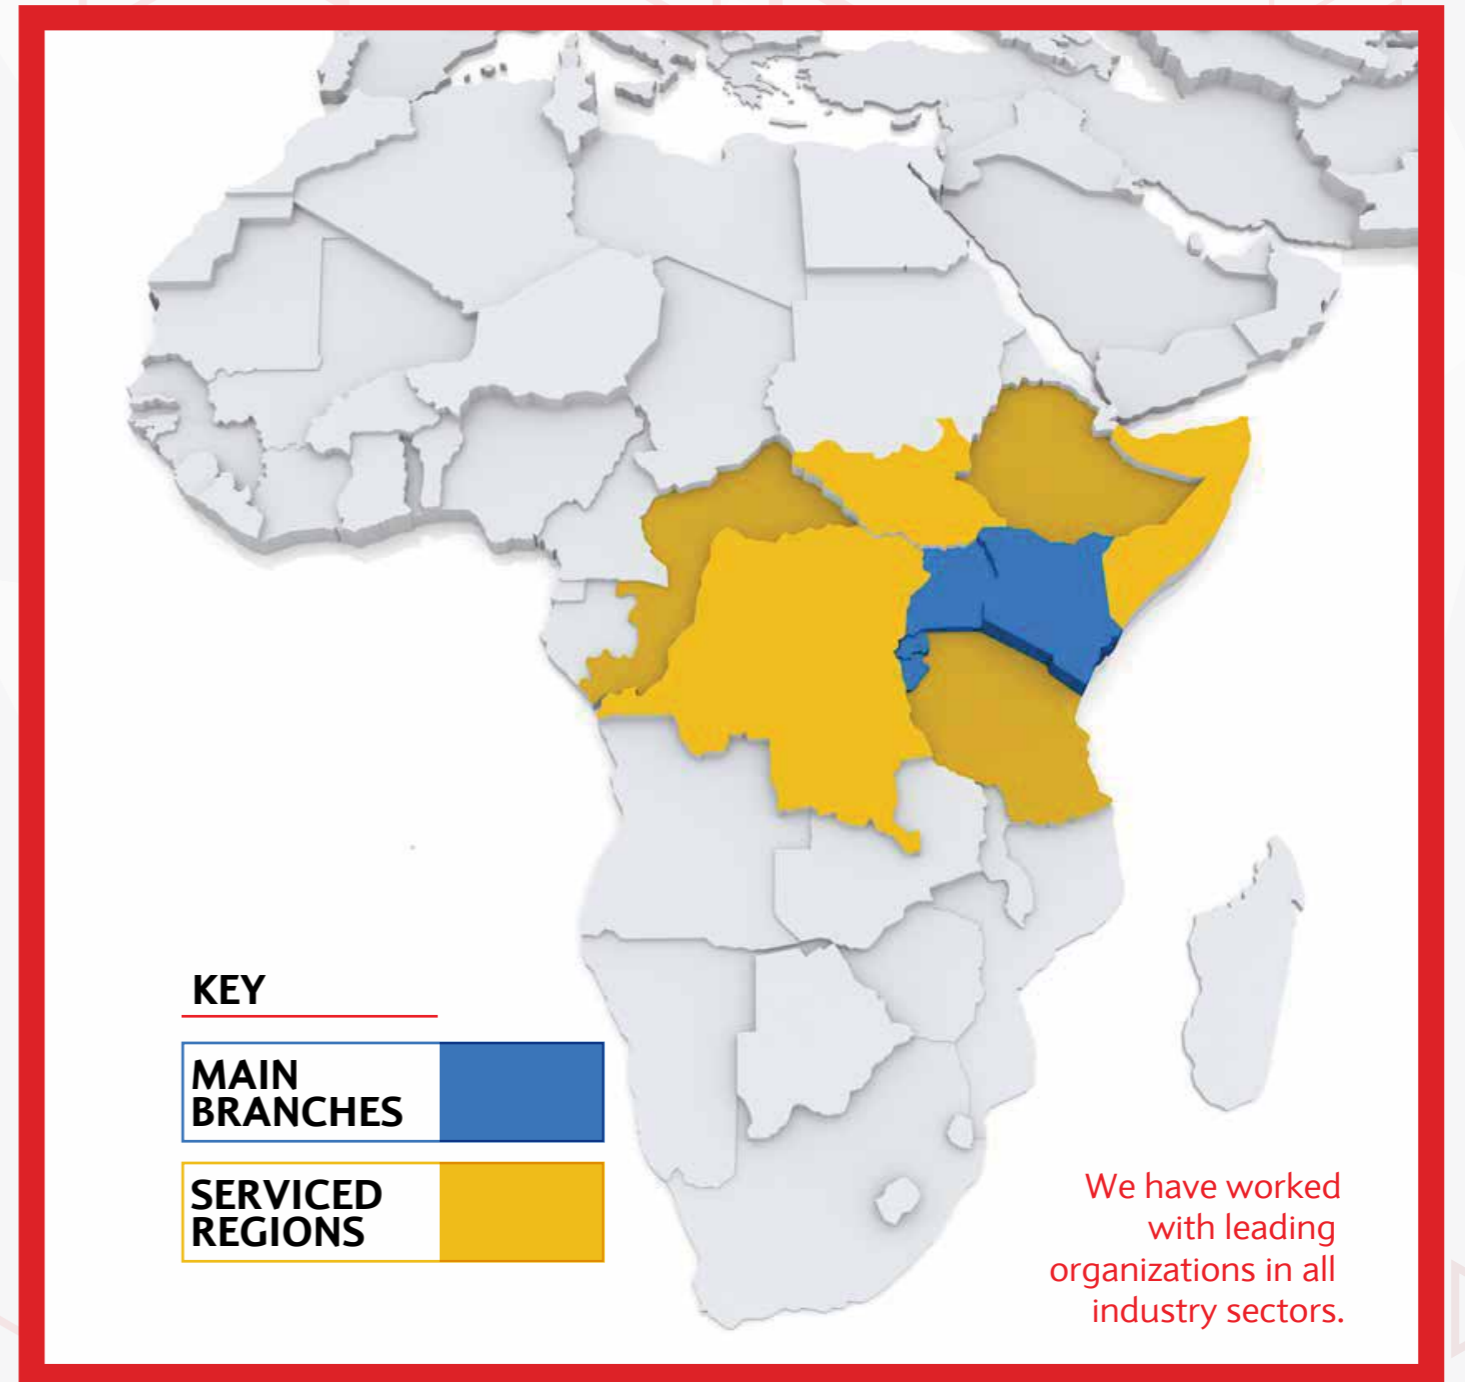

Victoria Furnitures Ltd is one of the leading suppliers of high quality furniture in East Africa. We are a pioneer in the industry offering the market greater choice, innovative and ergonomic designs as well as environmentally friendly furniture. Since our humble inception in 1969, the group has grown from strength to strength. Victoria Furnitures Ltd started its establishment on Tom Mboya Street (formerly Victoria Street, and hence its name). From the very beginning, the group has focused on its core principles of customer service, quality, value for money and innovation, and it is these principles that have enabled the group to gain the trust of customers.

Today, the group employs over 500 people, operating 3 show-rooms and 2 workshops in Nairobi. We also have showrooms in Uganda, Rwanda and Burundi. For over 50 years, the Victoria Furnitures group has been active in providing furniture that is flexible, dynamic and attuned with the global and technological changes. The group continuously introduces new and high tech furniture to remain at the fore-front of the industry.

On the manufacturing front, we have continued to invest in new technology and machinery to continue its popular pace with new designs and styles to suit client's needs. In particular, we have invested in post-forming machinery, technology to work with Corian material as well as other woodworking machines. Having established itself as a market leader for office furniture, the group has also continued its growth strategy and has developed additional lines that includes Kitchens and Wardrobes, Joinery & Fit outs and Custom-Made furniture.

# EXECUTIVE SERIES

*Our executive desks are elegantly designed and crafted from the highest quality materials thus making a statement and bringing out a level of sophistication in your space.*

MDS-P4

MDS-P12

These modern, sleek and sophisticated desks feature pleasant lines and curves, combining a stylish minimalism with a grandeur executive feel, imparting an elegance that is immediately recognisable.

The MDS series is fully customisable, the white or black powdercoated aluminium diecast legs can be paired with a number of laminated top colours with endless possibilities in terms of size and design making your desk unique.

MDS-P7

MDS-P32

Whether in the office or at home, these executive desks have long lasting qualities and can be incorporated with the latest technology, providing a space for deep concentration as well as broad collaboration.

With a contemporary feel and modern aesthetics, the MDS Series conference tables are thoughtfully designed, supporting teams in any space from large boardrooms to private offices and anything in between.

MDS-40

All conference and meeting tables are unique, fully customisable sizes, colours, finishes and accessories, providing spaces dedicated to collaboration, innovation and productivity.

MDS Series Workstations make collaboration and solo work easy. Configured with functional surfaces and modular components, they bring together storage, organisation and built in technology.

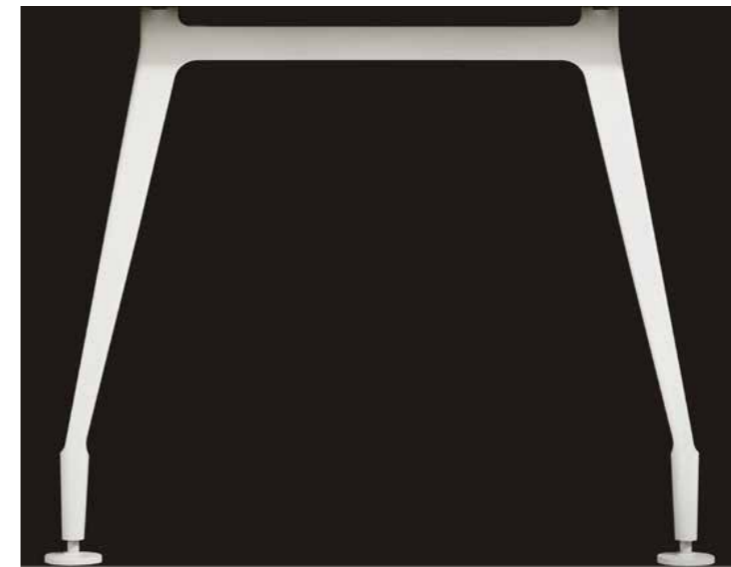

MDS-23

MDS-28

MDS-P27

MDS leg

FAD leg

Fully customizable sizes, colors, finishes and accessories provide a unique space. These workstations can be configured in any way to provide flexible, real-estate efficient layouts.

Create either an open and light workspace dedicated to collaboration or a sense of privacy for deep focus. The workstations can be paired with different accessories and technologies to create a smart and efficient work environment.
